DESCRIPTION

Meet "DESPERADO"! She's a sharp and stylish Grew GRS200 Sports Cuddy Cabin by Canadian boat builder Grew.

She's in fantastic condition, with light usage, plush comfy upholstery on all seating and sun-pads with sumptuously moulded sports bucket seats for helm and passenger. She has some nice upgrades including a lovely sound system with speakers inside and out, a driver focused and easy to read dash, we think she'll make the perfect starter boat for someone looking to begin their adventures on the waves.

The cuddy is surprisingly spacious once stretched out and lovely and light with a large ventilation hatch in the cabin, mattresses and cushions including and in fill for inside are hardly used and in excellent condition.

She can be stored on a trailer and delivery is available in the UK. Owner will also consider part exchange for anyone looking to upgrade their existing boat. She is available to view now in person or virtual viewings also available by appointment only.

Please contact us through the contact form or message sophy@onemarine.co.uk directly to book.

One Marine are advertising this vessel online only, viewings & purchase will take place directly with the owner in Plymouth. The Owner will consider part exchanges. Viewings are strictly by appointment only. One Marine are not brokering this sale and recommend independent expert checks on any vessel prior to purchase.
