## DESCRIPTION

---

The Leader 8 is the smallest of the Leader range and therefore has many of the features of the larger models in a more compact boat and price.

This particular example benefits from less than 60 engine hours.

She is a full four berth boat and has a separate aft cabin with double berth and changing area. The front dinette area is a large dining table with seating for four adults, and with the correct options, this converts into a full double bed.

She has a stand up heads compartment with sea toilet (into holding tank), sink and hot and cold shower. The galley has 12 volt fridge, hot and cold water, twin gas burner and ample storage space.

The social cockpit area has a full double helm seat, often lacking on other boats, and a very large and comfy u shaped seating area at the rear with table. To port and opposite the large seating area is a sun lounger. The large bathing platform is found through the transom gate.

This model has several options fitted and these include, Azur navy blue hull, preference pack (Aft platform, electric windlass, removable saloon carpets, microwave, windscreen wiper, cd player, shore power and battery charger) , double berth in saloon with curtain, GRP arch with sprayhood, aft sun awning, aft closing, Bow Thruster, Mooring kit and anchor kit. Seaworthiness, innovation and comfort are the fundamental values of the Jeanneau brand and all of these are featured in the Leader 8. You will enjoy her exceptional handling and performance. The Jeanneau Leader 8 also features a distinctive style, a remarkably ergonomic deck plan and a bright and comfortable interior.
