DESCRIPTION

A great example of this compact and popular weekender from Quicksilver. 'Nataya' is extremely well presented, and perfect for a get away on the water. Whether its a day of fishing or a day of family fun there is plenty of room for everyone and plenty of storage lockers for gear.

The cabin provides protection from the elements should you need it, including a purpose built dining area under the cover, which converts to a small double, which would be perfect for children. She also has fitted a porta-potty and single ring hob meaning you have all the creature comforts on days out and weekends away. You can convert the outdoor area into a seating table making dining outside a delight.

She has an economical Diesel engine with very low hours and recently has had her annual lift for routine maintenance and has just had a refurbished prop fitted too. She is totally ready to handover the keys and drive away.

Sadly due to work commitments her current owner can no longer justify keeping her on and is hoping for her new owners to enjoy many days on this great boat. She is currently on her berth in Torquay Marina and ready for viewings.

Nataya is towable which means you can take her anywhere and comes with the option of a trailer, which is available to purchase by separate negotiation.

ADDITIONAL EXTRAS

Swim Ladder

Auxiliary Outboard Rack

Navigation Lights

Lawrence Chart plotter

VHF radio

6 Lifejackets and Life ring

Trailer Available (by separate negotiation)
